PROFESSIONAL EXPERIENCE

Full Stack & AI Developer — <i>Moinfo Tech</i>	Jan 2026 – Present
- Develop modern web and mobile applications powered by Claude AI (Anthropic). - Build AI-assisted features — chat assistants, content generation, RAG pipelines and workflow automation — into client-facing products. - Use Claude Code daily to accelerate development, refactor large codebases, and ship production-quality features faster. - Work across the full stack: React/Next.js, Flutter, Laravel, Node.js and PostgreSQL/MongoDB.	
AI Integration & Engineering — <i>Claude (Anthropic), OpenAI GPT, Gemini</i>	2024 – 2025
- Built production features powered by Claude (Anthropic API) — chat assistants, content generation and code automation. - Integrated OpenAI GPT and Google Gemini into web and mobile apps via REST APIs. - Designed prompt-engineering workflows, retrieval-augmented generation (RAG) and tool-use pipelines. - Used Claude Code and GitHub Copilot daily to accelerate development and refactor large codebases.	
Software Developer — <i>Melian Software Company</i>	Mar 2023 – Dec 2025
- Developed and maintained web and mobile applications, improving user experience and operational efficiency. - Managed social media platforms to increase engagement and drive traffic to the company's website.	

- Delivered IT support for hardware and software issues across the organisation.
- Provided technical support to employees, resolving issues efficiently and enhancing IT literacy through training sessions.
